- Successfully campaigned for the first Asian American mayor Jun Choi in Edison history.

我女儿在本校就读已多年。本人兴趣较广, 喜爱体育活动。特点是做事认真。

我认为中文学校是大家自己的学校, 各个家庭的支持与合作是办好学校的前提, 积极参与是办好学校的关键。如果当选, 我将在以下几个方面做出努力:

Jingwei (Jerry) Shi (施景渭)

I graduated from Rochester Institute of Technology in 1992 with MBA and MS in Computer Science. Joined Merck in 1993 and currently as a project manager managing several Japan clinical development programs in the area of infectious, respiratory, and cardiovascular diseases.

My family has been residing in Edison since 1992. I have a 13-year-old son and a 10-year-old daughter. Both children have been enrolled in the Huaxia Edison School since they were 5 years old.

My family has been residing in Edison since 1992. I have a 13-year-old son and a 10-year-old daughter. Both children have been enrolled in the Huaxia Edison School since they were 5 years old.

In the past years, I have been actively involved in many school events organized by Huaxia headquarter as well as the Edison school. Following is a list of major activities I have involved in.

- Single-handedly organized three Nets vs. Rockets Basketball games raising more than \$16,000 for the Huaxia headquarter. By organizing the games, raised the awareness of the power of the Chinese community in the mainstream. As a result of the effort, Nets organization dedicated the first game night as the first ever-Chinese night in the Nets history.
- Actively participated in the HQ organized three Huaxia track and field games held in Edison. I was among the first to arrive at the field and the last to leave the field.
- Actively participated in the Edison Annual Christmas party for three straight years in charge of stage decoration.
- Provided support to the Huaxia Night committee for the last three years.

Besides being involved in Huaxia school activities, I have participated in events in the Chinese community as well. In the past three years, I have been an active member in the NJ Chinese Festival organization successfully organized three Mid-Autumn festival celebrations in Edison, the biggest Chinese celebration event in NJ attracting over 10,000 people each year.

As an all around advocate for the Chinese community and the Huaxia Chinese School, I have been actively involved in the Edison Board of Education events, currently serving on the Edison School Board Human Relations Committee in order to have a strong voice for the Chinese community on the township school board.

In addition to contributing to the Chinese community in this country, I am also a member of the Desert Green foundation promoting public awareness and understanding of the significance of ecological environment protection. As a result, my family has planted several thousand trees in China.

Given my contributions to the school and the community, I am confident that I will be well qualified to represent the Huaxia Edison parents at the school board.

What I am looking to achieve as a board member is: to keep promoting more NEW parents to participate in school events instead of having the same people, to better represent the parents' need at the school, and to make all school/school board activities more transparent to parents.

Please vote for me. I will bring new ideas and energy to the Huaxia Edison Board and you will not be disappointed.

刘 建, 我于 1994 年来到美国学习并在 1998 年从 UCLA 获得化学博士学位, 后在 UC Irvine 和 UPenn 完成 3 年博士后研究, 2001 年初加入 Merck & Co., Inc. 直到现在从事新药开发.

我们全家自 2002 年就成为爱迪生华夏中文学校的成员, 我太太, 10 岁的女儿和 6 岁的儿子都在爱迪生华夏中文学校注册了课程, 我则每个周末在中文学校踢足球和打桥牌. 中文学校是我们全家每周末最佳的去处,

在过去的几年里, 我们全家都很乐于参与社区和学校活动并出力, 我们在孩子的小学 MLK 的文化节多年承办了中国文化展台, 我曾两次参加华夏中文学校田径运动会的组织工作, 现在还是爱迪生小学 EUSA 足球队教练. 2006 年我参与了爱迪生华夏中文学校的财务审计工作, 对中文学校的财务运转有了很多的了解, 今年仍要继续参加.

现在我要竞选爱迪生华夏中文学校的理事会, 希望能投入更多的时间和精力在中文学校为全体学生和家长们服务, 要力促增加中文学校在运作和财务上的透明度, 积极寻求各方, 包括爱迪生市教委对中文学校的资助, 帮助中文学校吸引更多新学生包括非中国血统学生来学习中文和了解中国文化.

请大家投我一票, 我一定会给中文学校理事会带来新的理念和活力, 并在任期内作出漂亮的业绩.
